ABOUT US

Comier made humble beginnings in 2008, an Indian owned engineering company with the objective of providing the finest quality power generation products to the various industries across the world. The company is based in Kochi and one of the most prominent player in infrastructure development with a superlative engineering capability. Comier has represented John Deere—the world leader in machines and engines in India. Our central business is the sole and after-sales support of John Deere Diesel Engines which are used in a range of applications. Equipped with an infrastructure and a skilled in-house technical manpower, we deliver the packed range of activities preferred by our customers. Over the years, we have made rapid advances to be Kochi's top power solutions and services providers.

John Deere

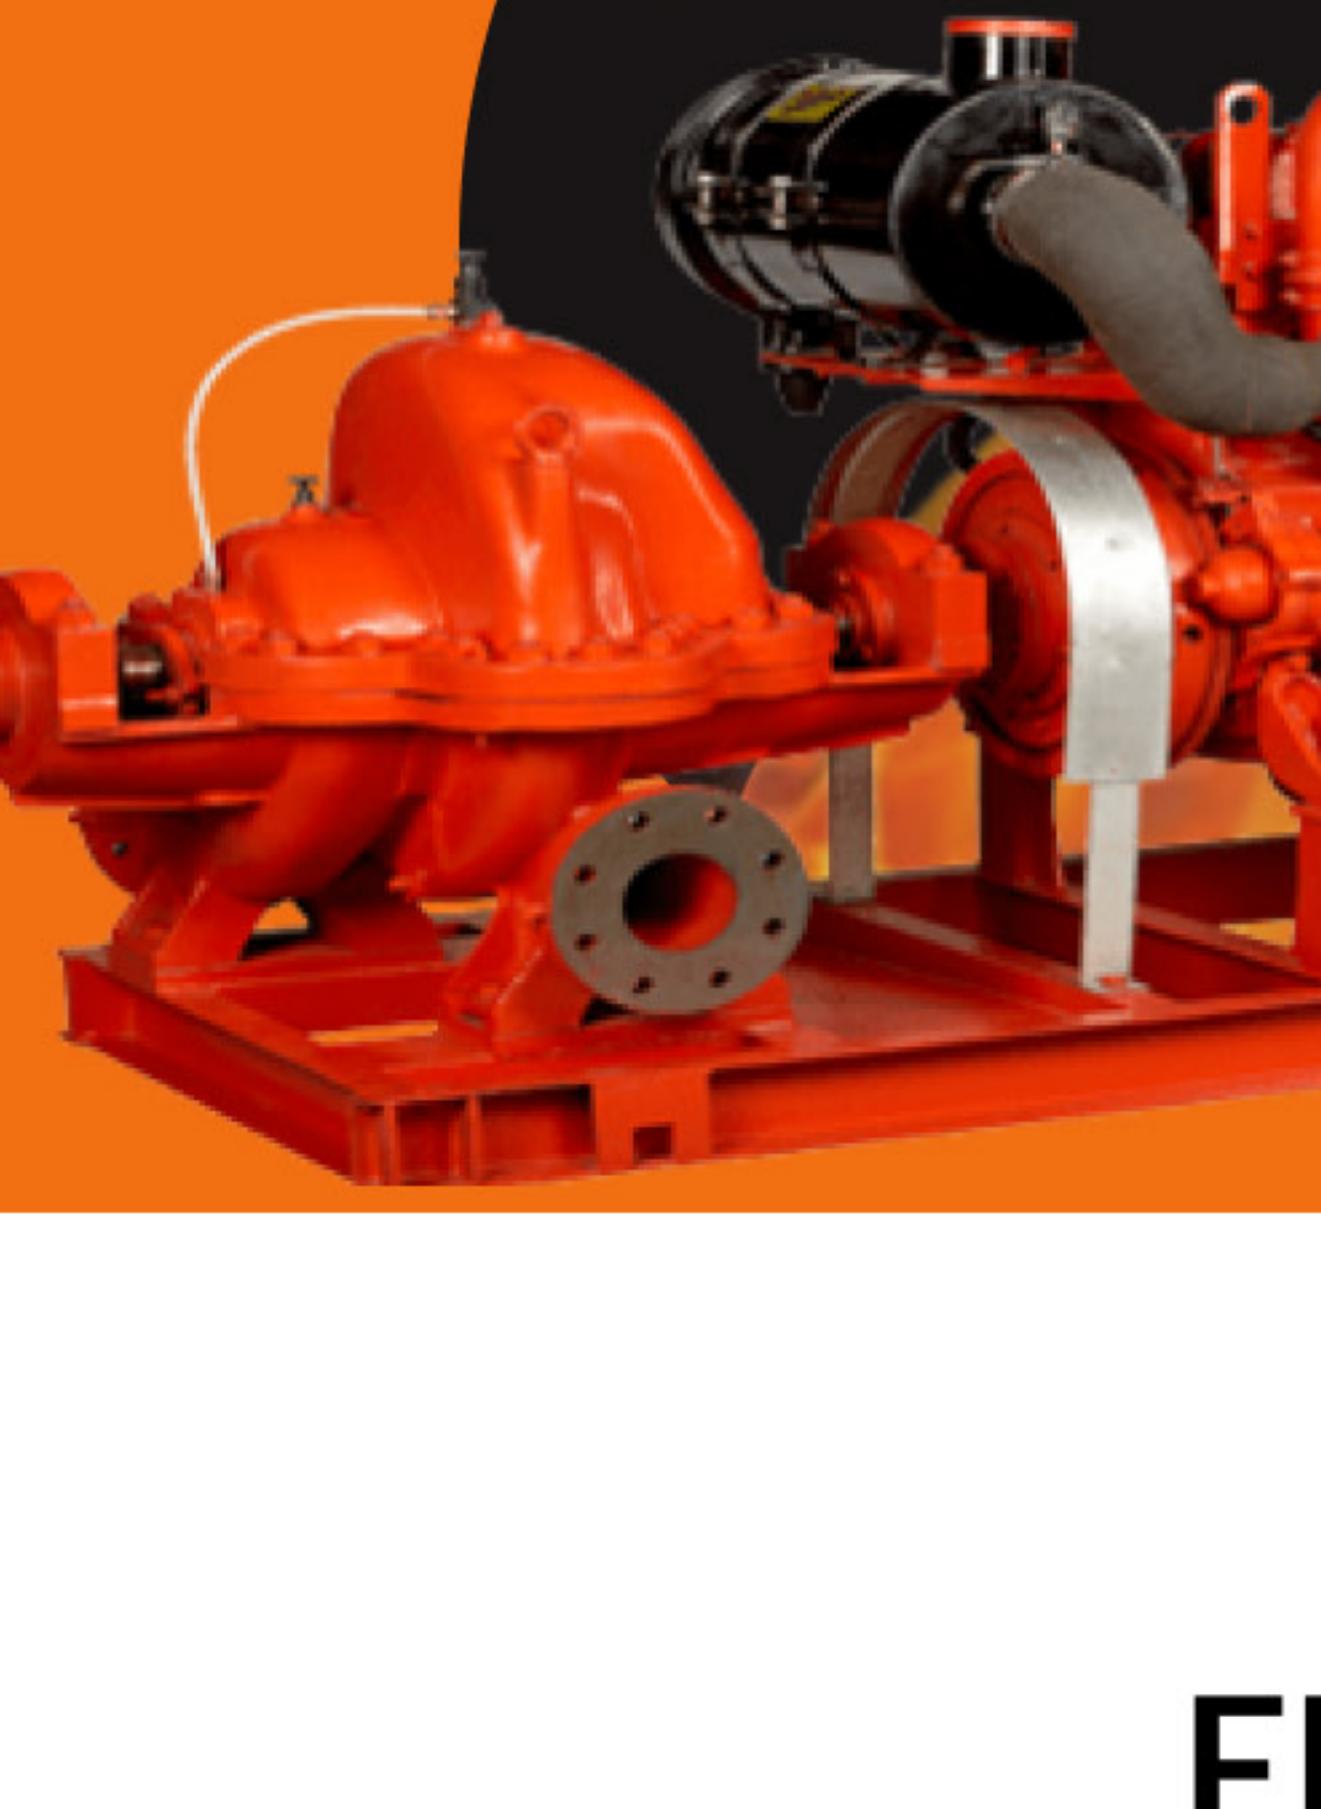

John Deere is the brand name of Deere & Company, the world leading manufacturer of agricultural, forestry machinery, drivelines, construction, and diesel engines. In 2015, it was recorded as 102nd in the Fortune 500 America's ranking and was ranked 184th in the global ranking. It has a long history of designing and manufacturing quality products around the world. It has been making sustainable development possible and driving positive change on all front. Deere & Company is listed on the New York Stock Exchange under the symbol DE. The slogan of the company is 'Nothing Runs Like a Deere', and a leaping deer is its logo with the words 'DEERE' under it. At John Deere, you will get the worth of choice for your replacement and maintenance parts for all types and ages of machines at any budget.
